

The Faculty of Production Technology and Management, The Faculty of Social and Economic Studies UJEP Ústí nad Labem and Czech Technical University in Prague, Faculty of Transportation Sciences organise:

Professional Forum

Risks in Businesses and Regions

The forum provides:

Business Process Risks 2016

The 6th International Scientific Conference
November 10 2016

Crisis Preparedness Plan 2016

Professional seminar
November 11 2016

Understanding the risks in the context of business activities and in the context of the territorial issues still opens a lot of space for practical and theoretical investigation. We offer a forum event for practitioners and academicians to contribute to the mutual exchange of views and sharing of experience regarding two areas: business processes and public administration.

FOCUSED AREA: Business processes, Transportation, Public administration

VENUE: Educational center facility „Zámecká Sýpka“, Děčín

PARTICIPANTS: Scholars, professionals

LANGUAGES: English, Czech, Slovak

CONTRIBUTIONS: Papers, Posters
